

## IN STRICT CONFIDENCE.

Women Obtain Mrs. Pinkham's Advice and Help.

She Has Guided Thousands to Health.—How Lydia E. Pinkham's Vegetable Compound Cured Mrs. Fred Seydel.

It is a great satisfaction for a woman to feel that she can write to another telling her the most private and confidential details about her illness, and know that her letter will be seen by a woman only, a woman full of sympathy for her sick sisters, and more experience in treating female ills than any living person.

Over one hundred thousand cases of female diseases come before Mrs. Pinkham every year, and some personally, others by mail, and this has been going on for twenty years, day after day. Surely women are wise in seeking advice from a woman of such experience, especially when it is absolutely free.

Mrs. Pinkham never violates the confidence of women, and every testimonial letter published is done so with the written consent or request of the writer, in order that other sick women may be benefited as they have been.

Mrs. Fred Seydel, of 412 North 54th Street, West Philadelphia, Pa., writes:

"Over a year ago I wrote you a letter asking advice, as I had female ills and could not carry a child to maturity. I received your kind letter of instructions and followed your advice. I am not only a well woman in consequence, but have a beautiful baby girl. I wish every suffering woman in the land would write you for advice, as you have done so much for me."

Just as surely as Mrs. Seydel was cured, will Lydia E. Pinkham's Vegetable Compound cure every woman suffering from any form of female ills.

No other medicine in all the world has such a record of cures of female troubles as has Lydia E. Pinkham's Vegetable Compound. Therefore no prudent woman will accept any substitute which a druggist may offer.

If you are sick, write Mrs. Pinkham, Lynn, Mass., for special advice. It is free and always helpful.

## CARS TO KAHAIKI

## Rapid Transit Extension Being Pushed Rapidly.

Railroad construction activity on Oahu is centered just now in the Kahauiki extension of the Honolulu Rapid Transit and Land Company's electric line. The completion of this piece of track, although it is but half a mile in length, will be an important step because it is expected to mark the opening of electric light freight service in Hawaii. It is the intention of the company in building this stretch of line to make a bid for the contract of hauling material to the new Kahauiki Army Post, and without doubt this contract will be awarded to the local line. As the Rapid Transit already has a line along Queen street, Allen street, and, in fact, the entire waterfront, it will be easy to take the freight from the wharves and convey it through to Kahauiki. The company has also already constructed a line on the extension of Queen street, connecting with the Queen street line at Queen and River streets. This piece of track extends across Nuuanu Stream on the Queen street bridge and into the yards of the Oahu Railway. It is expected that it will be extended into the Iwilei section, thus reaching the oil tanks, the gas works and various other industries in that district. The partially completed line on South street and near the Honolulu Iron Works add to the possibilities of working up a freight business.

Work on the Kahauiki extension is being rushed with considerable vigor. The rails have been laid on nine-tenths of the route and the trolley wire has been strung along the whole line, although the insulators have not yet been installed. The roadway, like that of all other parts of the system, is the best that can be made. A trench is first dug along the line laid out. Crushed rock is put into the trench and leveled up. This gives a firm roadbed. Ties are placed close together and eighty-five pound girder rails, heavier than the main line rails of many of the trunk lines, are placed on the ties, welded and bolted tight so that the cars may run smoothly. So solid is the construction that the big cars slide around the curves and skim along the tangents with hardly a jar.

Even as far out in the country as Kahauiki the track work is not left open construction, but the roadway is brought up flush with the rails. A rock crusher is installed just beyond the present terminus of the used track and large rock is dumped between the rails first. Finer stuff is put on top and the whole rolled down with a powerful steam roller until a fine macadamized pavement results in contrast with which the dirt roadway beside it is a sorry spectacle. The track is being laid on the official grade of the road, which is uneven, and as a result the rails are above the level of the road at the side of the track in places and above it in others.

The new line continues straight out the extension of King street from the old terminus of the tracks, past the slaughter house, for about a quarter of a mile. Then it plunges down into the valley on a long swinging curve which hugs the hillside on the mauka side of the road. At the bottom of the valley the line runs straight Ewa, along the mauka side of the road, across the stream and to the foot of the hill on the Ewa side of the valley. Here it ends at the boundary of the Kahauiki reservation. Besides its value as a freight carrying proposition, the line will prove most popular from a passenger standpoint. It furnishes an opportunity for a beautiful ride out in the country, with green and brown hills on one side and the panorama of the ocean on the other. From the terminus of the track it is but a one-minute walk to the Moanalua drive, and the completion of the new extension will place the pleasures of Moanalua within the reach of many who could not enjoy them formerly. The new army post, when it is completed, will be an attraction in itself, for it is to be a model in its class.

A few weeks at the most will see the completion of the Kahauiki extension, and then the King street cars will run out to the terminus of the new track. No change in the schedule will be necessary, as there is now a long lay-over for the cars at the end of the line. Too much cannot be said for the character of the roadbed on the local system. Cars are being operated at a speed of sixty miles an hour on interurban lines around Los Angeles with roadbeds that are not as good as that on the local line. That the Rapid Transit tracks will stand much more traffic than is put on them and a much higher speed where street traffic makes it safe, goes without saying.

## SOLDIERS FOR CANE FIELDS.

Mr. Swanzy, the president of the Hawaiian Sugar Planters' Association and his interpreter Mr. A. K. Ozawa have gone to Japan by last steamer. Probably they went there to bring more laborers for Hawaii.

We notice that there is nearly a legion of the Russian War Prisoners in Japan, that we believe would make good laborers for the sugar fields in Hawaii. They are not fitted for soldiers, but would make good working men.

If these gentlemen could get them for Hawaii, just half would be enough to supply all the plantations and they are just the right kind of men the board of immigration wants to have in Hawaii for settlers. They are one of the white races of Europe.

If possible engage the officers also; they might make splendid lunas. But for the country's sake don't mix them up with Japs.—Kau Weekly.

portioned and paid periodically to surviving beneficiaries share and share alike.

One of the beneficiaries named in the will, and daughter of testator, Agnes Soares, has, I am informed, been practically destitute during the entire period of the trust, and has never been paid one cent of her rightful share of the income by the trustee.

Another, Rosaria Barete, who has been an unfortunate inmate of the leper settlement since the inception of the trust, has been paid not more than \$20.00 during the whole period of four and one-half years.

Maria Barete, widow of testator, and mother of Manuel, a minor beneficiary, states that for upward of three years her son has received nothing but a shirt or pair of pants once every three or four months at the hands of Fannie Guerrero, nee Barete, the principal payee, who has had the care and custody of four minor beneficiaries; but she, on the other hand, asserts that she has paid on account of Manuel his pro rata of the amounts received by her, some \$2.00 to \$2.50 per month.

The vouchers covering payments made on account of beneficiaries I have checked, and the amounts thereof have been verified by Fannie Guerrero, nee Barete.

The remaining items of disbursement of Schedule "B" are mainly supported by vouchers, which I have checked, and find correspond, except item for taxes. The repair expenditures on homestead were also confirmed in a general way by Fannie Guerrero, who occupies the homestead with her family and three of the minor beneficiaries.

The loan to Goo Yau Chung, already referred to, is omitted from schedule, and should be corrected by being placed in the account.

## CHARACTER OF INVESTMENTS.

Some of the loans herein were made on personal notes, and were improper investments of trust funds. While the loans have been repaid, I am of the opinion that attention should be directed to this matter in order that future risk of like nature may be avoided.

Taxes, \$334.40 (years 1901-1902-1903-1904).

Entered in account as paid July 1st, 1905. I find this alleged disbursement is not supported by voucher, and, upon investigation of same, I am informed by the tax assessor that he has received no moneys whatever from the trustee, nor from any other source, for as shown by classified payments under Schedule "B" herein, when, in fact, the

## Searching for It

## SOME HONOLULU CITIZENS CAN TELL YOU WHERE IT'S FOUND

If you have any itchiness of the skin Irritating Eczema, Itching Piles; You're looking for relief, Searching for a cure. Honolulu people have found a cure for itching skin diseases.

They tell about it. Read what this citizen says:

Mr. H. Ryall, of No. 11, Grosvenor St., South Yarra, a very old resident of Melbourne, Australia, states:

"For some considerable time I have been a sufferer from that annoying complaint known as irritating piles. At times the irritation was very annoying, especially at night, and in the warm weather. I applied some of Doan's Ointment, which I had obtained and I am pleased to say that it gave me the desired relief from this annoying disease."

Doan's Ointment is splendid in all diseases of the skin: Eczema, piles, hives, insect bites, sores, chilblains, etc. It is perfectly safe and very effective. Very frequently two or three boxes have made a complete cure of chronic cases that have not yielded to other remedies for years.

Doan's Ointment is sold by all chemists and storekeepers at 50 cents per box, or will be mailed on receipt of price by the Hollister Drug Co., Ltd., agents for the Hawaiian Islands.

That the Tax Office record shows taxes to be delinquent in the sum of \$334.40, with 10 per cent. added of \$33.45, together with advertising costs, \$2.00; total, \$391.85.

## BOND MISSING.

The Clerk of Court's bond record contains entry of filing of bond in this estate by the trustee, but the bond itself is missing from its proper place in the files, and I have been unable, after further search, to locate same elsewhere.

I have been unable to verify the balance of cash shown by the account to be in the hands of the trustee, to wit: \$2,500.77.

The trustee states that same is deposited in the First National Bank of Hawaii to his credit as such trustee, but he, as yet, has failed to comply with my request to exhibit evidence of such deposit.

Which matter, together with all and singular the several other matters herein set forth, I respectfully submit for your Honor's consideration.
